Plan a yearlong campaign around our focus each issue

All themes are subject to change per editorial discretion.

JANUARY/ FEBRUARY

This issue explores the rising trend of prejuvenation—a proactive approach to skincare and aesthetics embraced primarily by Millennials and Gen Z. Topics covered include the influence of social media and marketing on beauty decisions, innovations in peptides, growth factors and antioxidants and the growing popularity of ultrasound, radiofrequency, LED light therapy and minimally invasive devices.

If you have a focus on how new-generation beauty goals are shaping the future of aesthetic treatments and future generations, then this one's for you!

MARCH

Get ready to dive into the future of beauty and wellness with our March issue focused on Regenerative Aesthetics. This edition unpacks cutting-edge bio-stimulating treatments—think exosomes, PRP, stem cells and skin boosters like PDRN—that go beyond surface fixes to trigger real, lasting skin renewal.

Explore how wellness practices, detox protocols and nutraceuticals are now essential for that inside-out glow and discover the latest in tech-forward care, from AI-driven customization to apps that match patients with the perfect surgeon.

APRIL

The April issue on Holistic Aesthetics is all about treating the skin—and the self—as a whole. This edition explores the powerful synergy between high-performance treatments and mindful beauty practices. From crystal-infused skincare and organic facials to collagen-stimulating devices, clean medical-grade products and full-body treatments, we're diving into the intersection of outer beauty and inner balance.

Learn how sun protection is evolving, explore the latest in facial devices, body contouring and exfoliation, and discover how emotional well-being, energy alignment and self-care are becoming essential parts of modern aesthetics.

MAY/ JUNE

The May/June issue is all about transformation—Body Sculpting and beyond. We're spotlighting the latest innovations in muscle toning, fat reduction (like cryolipolysis and laser lipolysis), and cutting-edge GLP-1 treatments that are reshaping both body and face aesthetics.

This edition also dives into the fast-growing world of male aesthetics and sexual wellness, while addressing the important link between mental health and appearance. On the business side, we'll explore how to effectively reach the male market and the importance of continuing education in a rapidly evolving industry.

Editorial content is subject to change.

Plan a yearlong campaign around our focus each issue

All themes are subject to change per editorial discretion.

JULY/ AUGUST

Your go-to guide for the latest in Skin Tech and At-Home Innovations. From LED light therapy masks and microcurrent devices to cold therapy tools and energy-based treatments, we're diving into the high-tech tools that are bringing professional results into the hands of consumers.

You'll also find expert insights on tackling pigmentation and melasma, hormonal skin challenges and the science behind brightening ingredients like Vitamin C, tranexamic acid and ceramides. With a nod to Korean beauty's influence, we explore skin-lifting solutions, sheet masks and glow-boosting rituals.

SEPTEMBER

Our September issue focuses on Scar Revision & Tissue Remodeling, highlighting the advanced techniques and technologies transforming skin and hair restoration. From surgical grafting and stem cell therapy to scar prevention strategies and topical innovations, we're exploring the full spectrum of healing and renewal.

This issue also dives deep into hair rejuvenation, plus powerful growth-stimulating ingredients and biohacking insights. We're also putting the spotlight on sculpting the chin, jawline and jowls.

OCTOBER

This is all about Post-Procedure Wellness & Recovery Boosters—because what happens after treatment is just as important as the treatment itself. Dive into essential strategies for optimizing healing, from micro-injury repair products and barrier-repair moisturizers to hydration-boosting topicals, vitamins and soothing lotions.

We cover key protocols for pre- and post-treatment care, sun protection and infection control, along with must-have medspa supplies and staff training essentials.

NOVEMBER/ DECEMBER

Explore the latest in blepharoplasty innovations, under-eye injections, non-surgical facelifts and thread lifting, alongside powerful tightening products and electromagnetic stimulation for enhanced contouring.

We also dive into non-surgical butt lifts, cellulite reduction and solutions for improving texture and tone with cutting-edge devices and topicals. Beyond treatments, this issue addresses critical topics such as ethics, regulations, training and hiring protocols for estheticians and medspas.

ppolowy@allured.com
630-344-6075
www.medestheticsmag.com

MedEsthetics.
The Guide for Excellence in Medical Aesthetics

Make more of an impact with the Product Roundup Program.

Scheduled magazine display advertisers receive an additional value of inclusion in *MedEsthetics'* Product Roundup program. This special Product Roundup program extends your reach and frequency by more than **400%** and includes marketing inquiries.

BENEFITS

1. As a **magazine** display advertiser, you'll receive additional coverage in a very popular section of the magazine titled "Product Roundup."
2. Following the Product Roundup coverage in the magazine, your product information will be scheduled in the monthly "Product Roundup" **newsletter** that includes marketing inquiries (soft leads).
3. Additionally, your product information will be posted on *MedEsthetics'* **website** and will be included in the monthly Product Roundup feature page.
4. Highlights of the Product Roundup featured page will be promoted via *MedEsthetics'* newsletter and social media channels.

MARKETING INQUIRIES

1. As buyers demonstrate interest in your product by clicking to learn more, you will receive e-mail contact information to follow up with an e-blast on the products you featured.
2. Best practice for following up on marketing inquiries: Offer qualified prospects more information about your new product with a whitepaper or a sample request.

QUALIFICATION FOR THE NEW PRODUCT ROUNDUP PROGRAM

1. Schedule a minimum 4x display ad program in *MedEsthetics* magazine in 2026.
2. For every display advertisement placed, you may submit a product to be published in that issue of the magazine.

The collage displays three examples of the Product Roundup program. The top left page is a 'Monthly Roundup' newsletter featuring 'EnviroSkin' and 'Canfield's VECTRA HD'. The top right page is a magazine spread titled 'Chisel, Lift, Define' featuring 'EnviroSkin' and 'Mid-Face Contour and Vitality'. The bottom right page is another magazine spread titled 'Mid-Face Contour and Vitality' featuring 'EnviroSkin' and 'Global Beauty's Popping Peptide Eye Gel'.

MATERIAL SPECIFICATIONS AND DEADLINES

Qualifying advertisers will receive an e-mail with a link to submit the following:

1. A 50 word product or service description.
2. A single image. Image requirements: .jpg, .gif or .png, at 300 dpi. No company logos, trademarks or additional verbiage on images.
3. A URL link to the specific product page on your website.
4. You will be asked to include your company name, phone number and website as you would like it to be seen.

The cover sponsorship allows you to provide the image for *MedEsthetics'* cover.

This gives you the opportunity to use an image that you use in your marketing or on your website to tie in with your brand in the minds of our subscribers.

Our editors will help you create a web exclusive specifically about your products, your company, and your unique value proposition. Below are some design examples of what it might look like.

In addition to appearing in *MedEsthetics* and on our website, we will provide you a PDF version marketing use.

WHAT'S INCLUDED

- Sponsored cover image + cover story blurb
- Optional branding on cover [corner or circle]
- Sponsored 4-page folio, becomes a web exclusive
- Mentioned in editor's note
- Web exclusive included 3x in *MedEsthetics* newsletter
- 1 social media post
- PDF version for your marketing purposes
- 20 print copies of your sponsored issue

Electronic Files

PREFERRED FILE FORMAT

High-resolution PDF (300 dpi). Ad page templates for InDesign and PDF presets are available. Contact your sales representative.

Professional Tip: *When creating your PDF, be sure to offset your crop marks to the bleed size, otherwise the crop marks will appear within the bleed area and potentially print in the magazine. There is no need to create crop marks for partial ad sizes.*

- **On full-page ads, all vital copy should be no closer than 1/4" to the trim.** Less than 1/4" there is a chance the text could be trimmed off. Allow 1/8" bleed beyond trim, if ad bleeds.
- Any lines must be 1/2 pt. or larger.

OTHER IMPORTANT INFORMATION

- Furnish graphics to size. PDF or EPS formats are preferred. JPEG's are accepted, but must be 300 dpi resolution or higher.
Web graphics will not work.
- Save all files including the graphic elements in CMYK mode unless a spot color is going to be used for output.
- Provide all files at a resolution of 300 dpi or higher.
- Include copies of all fonts and graphic elements used to create the file.
- Use only OpenType fonts.
- Use collect functions found in layout software.
- Do **NOT** send Quark, Corel Draw, Microsoft Word, PowerPoint or Publisher files.

SENDING FILES

If your file is 20 MB or smaller, email it to Sarah Krotz at skrotz@allured.com.

Please indicate which magazine and issue the ad is for.

- For larger files, send through free large file transfer online services, such as Dropbox, TransferBigFiles, Hightail, etc.
