

## Demonstrate Thought Leadership and Build Confidence with Medical Aesthetic Professionals

### Webcast

Sponsor prepares the content and delivers the presentation for the webcast; editors will provide a one- or two-minute opening introduction and may moderate a live Q&A at the end of the webcast, if sponsor desires. Webcast becomes a content asset that you own.

### Webinar

Editor develops the content, gathers speakers and will be part of the presentation. The content will cover subjects that are trending and highly engaging. This is a great option for sponsors who do not have a presentation prepared. Webinar remains the publisher's asset.

### What's Included

- Position your company as a **thought leader** in the market.
- **Leads from registered attendees**, both live and on-demand, will be provided to you.

The screenshot displays a webinar interface for MedEsthetics. The main content area features a blue background with the AviClear logo and the title 'The Future of Acne Treatment'. Below the title, the presenter's name 'Ashish C. Bhatia, MD, FAAD' is listed, along with his credentials: 'Co-Director of Dermatologic, Laser and Cosmetic Surgery at Oak Dermatology', 'Associate Professor of Clinical Dermatology at Northwestern University, Feinberg School of Medicine', and 'Director of Clinical Research, Oak Dermatology'. A social media handle '@BhatiaDerm' is also present. To the left, a 'Presenter' window shows a headshot of Dr. Bhatia and a detailed bio. Below the bio is a 'Share with your colleagues' section with icons for Facebook, Twitter, LinkedIn, and Email. To the right, a 'Q&A' window prompts users to watch a video on-demand and check a resource list. Below that, a 'Resource List' window includes links for 'AviClear Fact Sheet', 'LEARN MORE! Visit our website', 'ME MedEsthetics magazine website', and 'ME Check out our other webcasts!'. At the bottom, a 'Media Player' window shows a video player with a play button and a progress bar at 00:21/25:59. A navigation bar at the very bottom contains icons for a question mark, chat, video, Q&A, a person icon, a document icon, and a share icon.
